Permit expiration date: _____ Check if plans are attached Yes No

If answer is no, please state reason in full: _____

I hereby agree to all terms, conditions and restrictions written or printed below and to the Driveway, Excavation and/or Pavement Opening Regulations of Symmes Township, including the precautions for the protection of the public and all utilities within the public right-of-way to any and all installations in and around said pavement openings. If work done under this permit involves or endangers structures belonging to others, I shall immediately notify the owner.

This permit may at any time be revoked or annulled by Symmes Township for non-performance and/or non-compliance with any of the conditions, restrictions, and/or regulations. Violations of or non-compliance of said regulations are subject to penalties provided by Sections 5571.99 and 5589.99(D) of the Ohio Revised Code.

At all times during the progress of the work, adequate protection and passage shall be provided by the permit holder for the traveling public.

All pavement opening must be filled or plated if they are to be left unattended; however, longitudinal openings of major proportions may be left open when certain procedures are followed. This exception does not apply to "restricted" roads where full width of pavement must be open from 7:00am to 9:00am and 4:00pm to 6:00pm.

Plans and/or application must be approved and permit secured before commencing work. Township regulations require that you notify the Director of Public Works in writing or call (513)683-6644 (between 7:00am and 3:30pm) at least 48 hours before starting construction.
