The existence of such conditions, factors or characteristics adversely affects public health, safety, morals and general welfare and leads to the continuation, extension and aggravation of blight and its attendant negative affects on surrounding property values. Adequate protection of the public, therefore, requires the establishment and enforcement of this Maintenance Code.

3.02 COMPLIANCE REQUIRED

Every portion of a building or premises uses or intended to be used for residential, commercial, or industrial purposes, shall comply with the provisions of this Exterior Property Maintenance Code, irrespective of when such building was constructed, altered or repaired, or premises occupied, except as hereinafter provided.

3.03 CONFLICT OF LAWS

In any case where a provision of this Exterior Property Maintenance Code is found to be in conflict with a provision of any zoning, building, fire, safety, health or other regulation, the provision of which establishes a higher standard for the promotion and protection of the safety and health, the conflicting provision shall prevail.

3.04 EXISTING REMEDIES

Nothing in this Exterior Property Maintenance Code shall be interpreted to abolish, impair, or prevent the execution of any existing remedies of Symmes Township, or its officers or agents, related to the abatement of a public nuisance.

3.05 SEPARABILITY

If any section, subsection, paragraph, sentence, clause or phrase of this Exterior Property Maintenance Code is declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this Exterior Property Maintenance Code, which portions shall continue in full force and effect, and to this end the provisions of this Exterior Property Maintenance Code are hereby declared to be severable.

3.06 SAVINGS CLAUSE

This Exterior Property Maintenance Code shall not affect violations of any other resolution, ordinance, code or regulation existing prior to the effective date of this Exterior Property Maintenance Code, and any violation of such shall be governed and shall continue to be punishable to the full extent of the law under the provisions of those ordinances, codes or regulations in effect at the time the violation was committed.

If a certified mail envelope is returned with endorsement showing that the envelope is unclaimed, then service shall be sent by ordinary mail, and the mailing shall be evidenced by a certificate of mailing which shall be filed by the Enforcement Officer. Service shall be deemed complete when the fact of mailing is entered of record, provided that the ordinary mail envelope is not returned by the postal authorities with an endorsement showing failure of delivery; or

- B. Hearings.** Any person affected by any Notice of Violation which has been issued in connection with enforcement of any provisions of this Exterior Property Maintenance Code, may request, and shall be granted, a hearing on the matter before the Exterior Property Maintenance Code Appeals Board, provided that such person shall properly file an appeal, on forms provided by Symmes Township, in the Symmes Township Administrative Offices. - C. Findings.** Prior to sustaining any Notice of Violation and compliance order, the Exterior Property Maintenance Code Appeals Board shall make the following findings:
1. The violator was served with a Notice of Violation and/or Citation Tag as provided for in Sections 3.09 and 3.11.
 2. The Citation Tag and/or Notice of Violation that was served stated the specific nature of the violation, corrective action needed to abate the violation, and a specific time period for violation abatement.

Upon full payment of the assessment, within the time limit specified, no further action will be taken to prosecute the violation noted on the citation, provided remedial action, if necessary, is taken.
- C. Notice and Future Violation.** The Citation Tag, as herein provided, shall be

From time to time, and upon its own motion, said Township Trustees may modify the Citation Tag assessment fee schedule.

3.13 ABATEMENT OF NUISANCE BY SYMMES TOWNSHIP AND COST RECOVERY

Should a nuisance not be abated at the expiration of the time stated in the Notice of Violation issued by an Enforcement Officer, or during any extensions granted, or during such additional time as the Exterior Property Maintenance Code Appeals Board may grant, the Enforcement Officer shall be authorized at any time thereafter to (1) either request a court to authorize entry upon private property to take such action as is deemed appropriate to abate the nuisance; (2) in the case of public property, effect removal of the public nuisance. These remedies shall exist in addition to any remedies provided elsewhere in this Maintenance Code. In abating such nuisance, the Enforcement Officer may call on any department, division, or contractor of the Township for whatever assistance may be necessary to abate the aforesaid nuisance; or may, by private contract, abate such nuisance, with the cost of the abatement contract paid for from Township funds. All costs for abating such nuisance shall be recovered in the following manner:

Such rules shall not have the effect of abrogating (1) policies contained in this Code; (2) fire protection requirements specifically provided for in this Code; or (3) violating approved public safety practice.

3.15 TRANSFER OF OWNERSHIP

It shall be unlawful for the owner of any building or structure who has received a notice of violation to sell, transfer, mortgage, lease or otherwise dispose of same to another until the provisions of the Notice of Violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee, or lessee a true copy of any Notice of Violation issued by an Enforcement Officer and shall furnish to the code official a signed and acknowledging receipt of such Notice of Violation and fully accepting the responsibility, without condition, for making the corrections or repairs required by such Notice of Violation.

All construction work shall be diligently pursued to completion on any building or structure for which a building permit has been issued, unless forestalled by circumstances beyond the property owner's control (e.g. labor strikes, inclement weather, etc.) Any construction project upon which no substantial work has been undertaken for a period of six (6) months shall be deemed abandoned. Upon any construction project being deemed abandoned, all buildings or structures not completed to the degree such buildings or structures have been indicated on the plans submitted in support of a building permit, as well as all building materials and construction equipment, shall be removed from the site.

3.181 NOTIFICATION FOR WEED CUTTING

Whenever an Enforcement Officer determines there is a violation of Sections 3.18 A or B, notice shall be given as provided in Section 3.09, except that it shall be permissible for the Enforcement Officer only to provide such notice to the person in charge of the property once annually, thereby permitting all subsequent enforcement actions in a given year to be undertaken without notice.

In addition to other remedies provided for in this Code, upon expiration of the Notice of Violation, an Enforcement Officer may cause noxious weeds, rank vegetation, trees, or bushes to be cut and destroyed, with all costs thereof bill to the property owner.
