GRANTING  
APPEAL NO. 2017-07

WHEREAS, James J. Witt, Jr., 11897 Nathanshill Lane, Cincinnati, OH 45249, appellant, on March 30, 2017, filed Appeal No. 2017-07 under Section 183 of the Zoning Resolution, seeking a variance from the literal enforcement of Section 346.1 of said Resolution as applied to the property at 11897 Nathanshill Lane, Symmes Township, Hamilton County, Ohio; and

WHEREAS, said appellant, on March 30, 2017, applied to the Symmes Township Zoning Inspector for a Zoning Certificate for the construction of a six (6) foot tall privacy fence to be located within the side yard of the home that is located on a corner lot; and

WHEREAS, said Zoning Inspector, on March 30, 2017, acting upon said application and the plats and plans submitted, refused to issue said Certificate, the reasons being based upon the maps and regulations of the Zoning Resolution; and

WHEREAS, a public hearing was scheduled for said appeal on May 1, 2017, notice of such hearing was given by first class mail to parties of interest and also by publication in a newspaper of general circulation in the Township at least ten (10) days prior to the date of said hearing in accordance with Section 303.15 of the Ohio Revised Code; and

WHEREAS, Section 41 et seq. of the Zoning Resolution and the Symmes Township District Maps designate said premises to be in the "A" Residence District; and

WHEREAS, Section 346.1 provides, in relevant part, that no fence or wall located in the front or side yard shall be built to a height greater than three (3) feet and shall have an open face area of no less than fifty (50%) percent or when constructed to a height of not more than four (4) feet above grade, shall have an open face area of no less than seventy-five (75%) percent; and

WHEREAS, according to testimony offered at the public hearing, the applicant is proposing to replace an existing nonconforming fence with the same type of fence in the same location which is located around an existing patio to the rear of the existing single family home; and

WHEREAS, according to further testimony offered at the public hearing, the property is located on the southwest corner of the intersection of Nathanshill Lane and Chapelsquare Lane; and

WHEREAS, according to further testimony offered at the public hearing, the fence would be six (6) feet in height and would include a one (1) foot decorative slatted wood section at the top of the fence, a four (4) foot lattice section in the middle of the fence and a one (1) foot open area at the bottom of the fence. The overall open face area will be fifty eight point five (58.5) percent; and

WHEREAS, according to further testimony offered at the public hearing, a similar fence has been in the same location since 1985 shortly after the home was constructed; and

WHEREAS, according to further testimony offered at the public hearing, the fence is necessary to provide privacy from traffic entering and exiting the subdivision; and

WHEREAS, according to further testimony offered at the public hearing, the fence will not stand out as being out of character with similar lots in the neighborhood and provides a less imposing view from the street than a typical solid privacy fence; and

WHEREAS, 184.6 empowers this Board to permit a variation in the yard requirements of any District where there are practical difficulties or unnecessary hardships in the carrying out of these provisions due to irregular shape of the lot, topographic or other conditions, provided such variation will not seriously affect any adjoining property or the general welfare; and

WHEREAS Section 185 provides, in exercising the above mentioned powers, the Board may reverse or affirm, wholly, or partly, or may modify the order requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all powers of the Officer from whom the appeal is taken; and

WHEREAS, it is the consensus of this Board, after careful consideration of all the facts, testimony, and evidence submitted, that the literal enforcement of the strict application of Section 346.1 of the Zoning Resolution will result in practical difficulty to the appellant of the property in question; and

WHEREAS, the variation, in accordance with the following conditions, will not seriously affect any adjoining property owners or the general welfare; and

NOW, THEREFORE BE IT RESOLVED that upon consideration of the foregoing, the Symmes Township Board of Zoning Appeals does hereby grant a variance from the requirement of Section 346.1 of the Zoning Resolution in accordance with the authority granted in Section 184.6. Furthermore, the decision of the Zoning Inspector to deny the issuance of a zoning certificate for the reason that the application failed to comply with Section 346.1 of the Zoning Resolution is affirmed, but in accordance with the authority of Section 185, the Board of Zoning Appeals, having granted a variance as stated above, hereby determines that a zoning certificate may be issued to the applicant consistent with the terms set forth in this Resolution; and
