**JOINT AGREEMENT BETWEEN HAMILTON COUNTY AND THE BOARD OF
TOWNSHIP TRUSTEES OF SYMMES TOWNSHIP FOR THE CONSTRUCTION OF
IMPROVEMENTS TO
LEBANON ROAD**

PROJECT No. 5018

This JOINT AGREEMENT is entered into on this _____ day of September, 2018, by and between the Board of County Commissioners of Hamilton County, Ohio, hereinafter referred to as the "COUNTY", on behalf of the Hamilton County Engineer, hereinafter referred to as the "ENGINEER", and the Board of Township Trustees of Symmes Township, hereinafter referred to as the "TOWNSHIP", acting by and through its duly authorized Township agent(s).

Whereas,

-) the COUNTY desires to resurface/rehabilitate LEBANON ROAD from Union Cemetery Road to the Loveland Corporation Limit, said road being a County road; and
-) the TOWNSHIP desires to resurface/rehabilitate several Township roads under the 2018 Symmes Township Road Rehabilitation Project; and
-) the improvement of the above County road and Township roads is hereinafter referred to as the "PROJECT"; and
-) the COUNTY and the TOWNSHIP acknowledge that the PROJECT is required for, and conducive to, the orderly and efficient flow of traffic through the area; that the public will benefit by creating a joint project to complete the construction of the PROJECT; and that the PROJECT is of mutual benefit to both jurisdictions; and
-) the COUNTY and the TOWNSHIP further acknowledge that all the work involved in the PROJECT will be located within the existing rights-of-way for the roads and no additional rights-of-way or easements will be required for the PROJECT.

Now therefore, the COUNTY and the TOWNSHIP agree that:

The COUNTY and/or the ENGINEER will:

-) prepare a quantity tabulation for the improvement of the County road that is to be added to the PROJECT.
-) certify that the COUNTY funds necessary for the PROJECT are available and have been allocated for the PROJECT.
-) allow the TOWNSHIP and/or its agents to complete the construction of the

PROJECT within the COUNTY's road rights-of-way.

-) employ a qualified firm to complete all required testing on the PROJECT.
-) inspect the construction of the PROJECT improvements to the COUNTY's road.
-) verify the quantities of work completed on the COUNTY's road.
-) if a request from the Contractor for changes/modifications to the COUNTY'S portion of the PROJECT, i.e. a Change Order, is received from the TOWNSHIP, review and then either approve or deny the request. Approval of the request is not to be unreasonably withheld. If the request from the Contractor is approved, direct the TOWNSHIP to prepare and execute a Change Order.
-) be responsible for the cost of the improvements constructed under the PROJECT that are located within the COUNTY up to a maximum amount of **Seventy-Five Thousand Dollars and zero cents (\$75,000.00)**.

The TOWNSHIP will:

-) invoice the COUNTY for the total amount of the COUNTY's portion of the PROJECT cost.
-) coordinate and administer the CONTRACT.
-) inspect the construction of the PROJECT improvements to the TOWNSHIP's roads.
-) verify the quantities of work completed on the TOWNSHIP's roads.
-) prepare a payment request and directly reimburse the Contractor for the costs of the PROJECT improvements constructed.
-) if any request is received from the Contractor for changes/modifications to the PROJECT, i.e. a Change Order, review and then either approve or deny the request. If the request involves work to be completed in the COUNTY's portion of the PROJECT, the request will be forwarded to the ENGINEER for review and approval or denial of that portion of the request prior to the preparation of the appropriate Change Order.
-) after approving any request from the Contractor for changes/modifications to the PROJECT, prepare the appropriate Change Order. The Change Order will specify whether the Change Order is for general PROJECT work or is applicable to work in only one of the jurisdictions.
-) be responsible for the cost of the improvements constructed under the PROJECT that are located within the TOWNSHIP. The final amount of the TOWNSHIP's

portion of the PROJECT cost will be determined based upon the prices contained in the Construction Contract, the “as-built” quantities and any approved Change Orders.

The COUNTY and the TOWNSHIP further agree that:

-) this agreement constitutes the sole and only agreement between the parties hereto and supersedes any prior understandings or written or oral agreements between the parties. No provision of this JOINT AGREEMENT shall be altered, waived or amended except in writing signed by both parties.
-) after the completion of the PROJECT, either party to this JOINT AGREEMENT and/or each Engineer shall maintain and keep in repair those portions of the roadway, located within its respective jurisdiction, at no further expense to the other party.
-) the construction of this PROJECT as a Joint Project does **NOT** mean that either party to this JOINT AGREEMENT or any Engineer has accepted from or delegated to the other party or parties the responsibility and/or liability for the design and/or construction of those sections of the PROJECT completed within the other respective party's jurisdiction.

This JOINT AGREEMENT shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the COUNTY and the TOWNSHIP have signed this JOINT AGREEMENT as indicated in their respective acknowledgements below.
